New York City Metro Area | 857-204-5036 | jjcazel@gmail.com | jaredcazel.com | LinkedIn | Github

---

→ Maestro of technology with a diverse musical background, orchestrating clean and stunning UIs.

→ Adaptable technologist with proficiency in React, Redux, JavaScript, TypeScript, AWS, Git, and more.

→ Orchestrates harmony within cross-functional teams, fostering a culture of innovation and collaboration.

EXPERIENCE

Senior Software Engineer - Fullstack, TMX - New York
2020 - 2023

→ Built Success: Crafted a functional MVP platform leading a small team to meet tight deadlines. Result: Secured $1.5 million in seed funding.
→ User-Centric Ownership: Managed over 50 core features, ensuring an exceptional user experience for 2,000+ daily users across all stages of the Software Development Life Cycle.
→ Collaboration Maestro: Orchestrated seamless cross-functional teamwork, overseeing 240 front-end deliverables. Achieved 'bug-free' CI/CD deployments and a 30% reduction in time to delivery.
→ Quality Advocate: Conducted weekly design and code reviews, reducing development time by 50%, enhancing code readability, maintainability, and fostering team collaboration.

Result: A dynamic role blending innovation, leadership, and meticulous code craftsmanship.

Tech Director, The Bible for Normal People
2023 - Present

→ Optimizing Journeys: Identified and streamlined pain points in the customer journey, reducing bounce rates by 15% and boosting new memberships by 20% monthly.
→ Strategic Visionary: Collaborated with the executive team to devise a 5-year strategic plan, projecting a 200%+ growth in platform revenue.

Executive Project Manager, Scholastic - New York
2016 - 2019

→ Managed a $2 million budget for the Digital Analytics division, facilitating the creation of innovative and fiscally sound yearly plans.
→ Integral support in closing sales exceeding $20 million with Title 1 school districts.
