TECHNICAL SKILLS React, Redux, JavaScript, TypeScript, HTML5, CSS, Node.js, Express.js, Python, SASS, AWS S3, AWS Lambda, AWS RDS, MongoDB, Git, REST API, SQL, Ruby on Rails, Agile, TDD

1) I help engineering teams collaborate well to bring out the best work and satisfaction from each member.
2) Focused on learning deeply and quickly in my domain to be an effective contributor to the team.
3) Proactive in taking initiative on business priorities.

EXPERIENCE

Senior Software Engineer - Fullstack, *TMX* usetmx.com - New York, NY   Jan 2020 - Nov 2023

- Developed a functional MVP platform building the frontend with **React**/**JavaScript**, **Material UI**, and a serverless backend in **AWS** (**python** lambda functions) while leading a small team of three developers in hitting tight deadlines in a fast-paced, early-stage startup, which led to raising over **$1.5 million** in seed funding.
- Owned over **50** core features and applications through all stages of the **Software Development Life Cycle** allowing for exceptional user experience on a growing platform used daily by over **2,000** users.
- Coordinated over **240** frontend team deliverables on a cross-functional team to ensure continuous and 'bug-free' deployments (**CI/CD**) including creating clean **UI** using **React** + **TypeScript** + **Redux**, **CSS** + **Sass**, and **Git** reducing time to delivery by **~20%**.
- Conducted weekly design and **code reviews** to ensure high code quality and alignment with best practices for a growing team of over **8 developers** reducing development time by ~**50%** and increasing **code readability**, code **maintainability**, and **team collaboration**.

Tech Director, *The Bible for Normal People* thebiblefornormalpeople.com - Remote   Aug 2023 - Present

- Identify pain points and optimize the customer journey to reduce friction for new monthly members to join our Mighty Networks space which decreased user bounce rate by **15%** and increased new memberships by **20%** month over month.
- Collaborated with the executive team in creating a **5-year strategic plan** to increase the growth and revenue of the platform by **~200%+.**

Executive Project Manager, *Scholastic* - New York, NY   Feb 2016 - Aug 2019

- Assisted the SVP of the Digital Analytics division in managing a budget of over $2 million allowing the team to create a fiscally sound, innovative plan each year.
- Managed contracts from over 25 service providers to keep the invoices paid and current.
- Supported the SVP and team in closing over $20 million of sales with Title 1 school districts.
